The St. Louis convention has done all that the silver men could have hoped for. The Western Republi-
cans have been driven from the party in a body. The platform appropriates the term "sound money" and endorses the "existing gold standard" with all its hard times, its panics, its declining prices, its starvation wages, its bond issues and mortgaged homes. In addition, protection of the rich, higher taxation and increased living expenses are lauded to the skies. It is almost too good to believe that we are to have a square issue between scarce money and higher taxes on one side and plenty of money and freer trade on the other. The people are not fools. The masses are always right. The country passed upon the tariff question in 1892. It will settle Shermanism in 1896. A rainbow of promise spans the skies. The future is bright with hope. A great victory will be won in November. It will be a tidal wave, a landslide, a political earthquake.

Nominate Boies and Matthews at Chicago on a platform demanding tariff reform, financial reform and the taxation of the incomes of the rich as well as the homes of the poor and the result will be a foregone conclusion. The country will be swept like a cyclone. This is just what will happen. The people are aroused. Goodbye, McKinley.

Charlie Wheeler has crossed the Rubicon at last and has announced himself a candidate for the Democratic nomination for Congress in the First district. This makes four candidates so far—Stone, George and Wheeler for free coinage and Hendrick for gold. Of course the entrance of Mr. Wheeler into the race increases the chances of success for Hendrick, unless the silver men agree in some way among themselves which will make the race in the primary election September 5th. It will be the height of folly for three silver men to run against one gold man if the Democrats of the district want to be represented by a platform Democrat. Capt. Stone is quoted as saying he is in the race to the finish and it now remains to be seen what steps the bimetalists will take to unite the silver Democrats of the district.

The bimetalists of St. Lawrence county, New York, are organizing a strong league for the coming campaign. Wall street itself will soon be besieged by the victorious cohorts of financial reform.

Mr. W. N. Haldeman has bought the old custom house at Louisville, on Third and Green streets, and the mechanical department of the Courier-Journal will leave its historic quarters at Fourth and Green streets. The announcement is made that the intention is to run two offices, so that in case of accident the paper could be issued without missing an issue. It is believed, however, that there is some private reason for the deal.

Nine more States have to select delegates to Chicago and all save New York will be for free coinage. The majority for silver is now 168 and the coming conventions will increase it to 254. The necessary two-thirds majority will be forthcoming whenever the unit rule is broken. The people are in earnest this time.

DR. CLARDY FOR CONGRESS.

We are authorized to announce Dr. J. D. Clardy, of Christian county, as a candidate to a seat in the next congress of the United States. This is a duty that to us is a pleasant one, pleasant because the doctor has made such a faithful official that we feel like asking the people to endorse him. He is now serving his first term, and we feel free to say that no district in the State was represented by a man who has been more earnest, honest, faithful and conscientious than the doctor. He has at all times been at his post of duty where he has watched the interest of his constituents. We do not claim for the doctor that he has made a national reputation, in fact he has not aimed at that. He has felt more interest in serving those who had sent him there by their votes. He has been prompt to respond to every demand upon him by his people. He has guarded their every interest, and comes before the people asking an endorsement at their hands. We doubt not that he will be accorded this honor.

While the Hustler is not unreservedly pledged to the support of Dr. Clardy for Congress, yet we are free to say that the District will have to trot out a mighty good man and one that is very near to us in order to keep up from supporting the gentleman from Christian. The trouble is we are a little stuck on "Old Clover Blossom." He has made the Second District a most faithful and efficient representative. We can find no fault in his record, that is, no fault that amounts to much with us.—Madisonville Hustler.

GOOD WORD FOR DR. CLARDY

Dr. J. D. Clardy is a candidate for re-election to Congress from the Second District. It now seems that he will have no serious opposition for the nomination. He has made a splendid representative and will be easily re-elected.—Bowling Green Times.

The Paducah Standard is fighting Charlie Wheeler for Congress in his own town, but the Register says his vote in McCracken county will be practically unanimous.

Christian Endeavor Special to Washington.

A complete vestibuled train of coaches, Pullman sleeping cars, and observation cars will leave Louisville, Ky., from Union depot, foot of 7th street, 5:30 p. m., July 7th, 1896, and from Cincinnati at 6:30 p. m.

The Christian Endeavorers can travel to the Convention at Washington, D. C. in greater comfort, and over a more interesting route than they have enjoyed on any similar occasion. The C. & O. is not equaled by any other road in the stability and smoothness of its track, while in points of scenery and historical association it surpasses any line of railroad leading to Washington. The Blue Grass Region, New River and its mighty canyons, the picturesque Greenbrier, with its rushing torrents leaping over rugged boulders, the many famous watering resorts, including the popular White Sulphur Springs, and the beautiful Piedmont Valley, where is presented the grandest landscape of America, are a few of the inducements offered the sight-seer.

All who go via the C. & O. are landed in one square of Penn. avenue, and in half block of St. James Hotel, headquarters for Kentucky delegates. The rate is one fare for round-trip, and tickets will be on sale from 4th to 7th of July, good on any train and good until 15th, with privilege of extending until July 31st. Sleeper \$4.00 Louisville to Washington, or \$3.00 Cincinnati to Washington and can be occupied by one or two persons. For sleeping car berth and additional information, write W. A. Wilcox, S. P. A., Hopkinsville, Ky.

The Tidal Wave Moves on.

Six Congressional districts in Ohio have elected delegates, 10 for silver and 2 for gold. The State will be practically solid and the delegates will be instructed to vote as a unit.

In the 4th Congressional district of Maine two free silver delegates have been elected to Chicago and a candidate for Congress was nominated on a silver platform.

The State elected gold delegates from the State-at-large. The delegation stands 10 for gold and 2 for silver with no unit rule.

Arkansas went solid for free silver and favors Bland for President.

California adopted a 16 to 1 platform and sends a solid delegation to Chicago.

Delaware went for gold of course, but one of the delegates is a strong silver man and will so vote.

Idaho adopted strong silver resolutions and the delegation will go to swell the silver majority.

Louisiana, claimed for gold, sends a solid delegation to Chicago, on a 16 to 1 platform.

West Virginia elected 12 good and true silver men and not a single gold-bug is sent to Chicago.

The gold men made a show of strength in Florida and the delegation stands 4 for silver and 4 for gold. The last named are the only gold delegates in the South not bound by the unit rule.
